

# OnePath Mortgage and Income Plus funds – additional information

EFFECTIVE 10 DECEMBER 2012 (QUARTERLY UPDATE)

In this document, the terms 'we' and 'our' refer to OnePath Funds Management Limited (OnePath Funds Management).

This document contains important information for investors in the OnePath Mortgage and Income Plus funds listed in the table below (the Mortgage and Income Plus Funds). This document sets out additional information that may assist you to better understand your investment in the relevant Mortgage and Income Plus Fund. This information will be updated quarterly and will be posted in the 'Product updates' section of the ANZ website.

## OnePath Mortgage and Income Plus Funds

The OnePath Mortgage and Income Plus Funds invest in OnePath's Mortgage Pool ARSN 089 455 425 (Fund). Withdrawals from, and applications to, the Fund have been suspended (please see below).

The investment funds listed below have at least 50% exposure to the Fund:

Investment fund	Constitutional name	Benchmark allocation* to Mortgage Pool
OnePath Mortgages	ANZ OA OnePath Mortgage Trust	100%
ANZ Mortgage Fund (Series 1 and 2)	ANZ Mortgage Fund	100%
OnePath Income Plus	ANZ OA OnePath Income Plus Trust	50%
OnePath Original Income Plus	ANZ OA OnePath Income Plus Trust	50%

\* Allocations may be subject to change over time.

Given the high level of exposure to the Fund, withdrawals (including switch requests) from and applications to the Mortgage and Income Plus Funds have also been suspended. Unless stated otherwise, the information in this document relates to the 'Fund'. Investors in OnePath Income Plus and OnePath Original Income Plus should note that the information provided in this document relates only to the mortgages component of their investment and not the Australian shares and property securities assets.

## Suspension of the Fund

In late 2008, and during the global financial crisis (GFC), the Fund experienced a greater volume of redemption requests and the assets could not be easily and quickly sold within the time required to meet redemption requests. A decision was made to suspend the Fund to ensure that the assets in the Fund could be managed and continue over time to produce a return to investors through the orderly realisation of assets rather than through 'fire sales'. This was the preferred option rather than simply writing down these assets and realising losses in the Fund, which would not have been in the investors' best interests. This action was taken to protect investors' interest in the Fund.

## Return of Capital process from March 2011

Following suspension of the Mortgage and Income Plus Funds, we offered investors opportunities to withdraw from the Mortgage and Income Plus Funds by opening withdrawal windows quarterly.

As of March 2011 we have not offered withdrawal windows. Instead, we have been returning available liquidity in the form of a capital repayment to all investors quarterly on a pro rata basis. Investors do not need to submit a form - they automatically receive this payment. For investors in the Mortgage and Income Plus Funds, a return of capital will reduce the cost base of the units. What this means is that the unit price of the relevant trust will fall by the value of the capital payment. The number of units will not change. It is important to note that notwithstanding best efforts some assets may be realised at a discount and as such you may not receive your full capital back.

This change does not affect the way we process applications for financial hardship. Claims will continue to be processed in accordance with current procedures. If you think that you are eligible for a payment under financial hardship please contact Customer Services on 13 38 63.

At this stage the Mortgage and Income Plus Funds remain suspended and OnePath Funds Management continues to consider the long term approach in relation to the Mortgage and Income Plus Funds and will advise investors of any changes.

## Benchmarks for Unlisted Mortgage Schemes

The Australian Securities and Investments Commission has issued Regulatory Guide 45: Mortgage schemes – improving disclosure for retail investors (Regulatory Guide). The Regulatory Guide sets out benchmarks for disclosure to provide retail investors in mortgage schemes with the information they need to make informed investment decisions. We have set out below our current procedures and policies in relation to the Fund and have indicated whether or not these procedures and policies satisfy each of the benchmarks outlined in the Regulatory Guide.

ASIC Benchmark	ASIC Benchmark requirement	Meets the Benchmark: Yes/No	If the benchmark is not met, why not?
Benchmark 1 : Liquidity	For a pooled mortgage scheme, the responsible entity has cash flow estimates for the scheme that:		
	(a) demonstrate the scheme's capacity to meet its expenses, liabilities and other cash flow needs for the next 12 months;	Yes	Not applicable
	(b) are updated at least every three months and reflect any material changes; and	Yes	Not applicable
	(c) are approved by the directors of the responsible entity at least every three months.	Yes	Not applicable

Benchmark 2 : Scheme borrowing	The responsible entity does not have current borrowings and does not intend to borrow on behalf of the scheme.	Yes	Not applicable
Benchmark 3 –Loan portfolio and diversification	For a pooled mortgage scheme:		
	(a) the scheme holds a portfolio of assets diversified by size, borrower, class of borrower activity and geographic region;	Yes	Not applicable
	(b) the scheme has no single asset in the scheme portfolio that exceeds 5% of the total scheme assets;	No	Refer to Disclosure Principle 3 – RG45.81 (a) for further information
	(c) the scheme has no single borrower who exceeds 5% of the scheme assets; and	No	Refer to Disclosure Principle 3 – RG45.81 (a) for further information
	(d) all loans made by the scheme are secured by first mortgages over real property (including registered leasehold title).	Yes	Not applicable
Benchmark 4 – Related party transactions	The responsible entity does not lend to related parties of the responsible entity or to the scheme's investment manager.	Yes	Not applicable
Benchmark 5 – Valuation policy	In relation to valuations for the scheme's mortgage assets and their security property, the board of the responsible entity requires:		
	(a) a valuer to be a member of an appropriate professional body in the jurisdiction in which the relevant property is located	Yes	Not applicable
	(b) a valuer to be independent;	Yes	Not applicable
	(c) procedures to be followed for dealing with any conflict of interest;	Yes	Not applicable
	(d) the rotation and diversity of valuers;	Yes	Not applicable
	(e) in relation to security property for a loan, an independent valuation to be obtained:	Yes	Not applicable
	(i) before the issue of a loan and on renewal:		

- (A) for development property, on both an 'as is' and 'as if complete' basis; and
- (B) for all other property, on an 'as is' basis; and
- (ii) within two months after the directors form a view that there is a likelihood that a decrease in the value of security property may have caused a material breach of a loan covenant.

<p>Benchmark 6 – Lending principles- Loan to Valuation principles</p>	<p>If the scheme directly holds mortgage assets:</p> <p>(a) where the loan relates to property development—funds are provided to the borrower in stages based on independent evidence of the progress of the development;</p> <p>(b) where the loan relates to property development—the scheme does not lend more than 70% on the basis of the latest 'as if complete' valuation of property over which security is provided; and</p> <p>(c) in all other cases—the scheme does not lend more than 80% on the basis of the latest market valuation of property over which security is provided</p>	<p>Yes</p> <p>Yes</p> <p>Yes</p>	<p><b>Not applicable</b></p> <p><b>Not applicable</b></p> <p><b>Not applicable</b></p>
<p>Benchmark 7 – Distribution practices</p>	<p>The responsible entity will not pay current distributions from scheme borrowings.</p>	<p>Yes</p>	<p><b>Not applicable</b></p>
<p>Benchmark 8- withdrawal arrangements</p>	<p>Liquid schemes</p> <p>For liquid schemes:</p> <p>a) The maximum period allowed for the constitution for the payment of withdrawals requests is 90 days or less;</p> <p>b) The responsible entity will pay withdrawal requests within the period allowed for in the constitution; and</p> <p>c) The responsible entity only permits members to withdraw at any time on request if a least 80% (by value) of the scheme property is:</p> <p>i) Money in an account or on deposit with a bank and is available for withdrawal immediately, or otherwise on expiry of a fixed term not exceeding 90 days; during the normal business hours of the bank; or</p> <p>ii) Assets that the responsible entity can reasonably expect to realise for market value within 10 business days.</p>	<p><b>Not applicable</b></p>	<p><b>Not applicable as the Fund is not liquid.</b></p>

For non-liquid schemes, the responsible entity intends to make withdrawal offers to investors at least quarterly.

No

We are currently returning liquidity via a return of capital to all investors quarterly on a pro rata basis.

## Disclosure principles for unlisted mortgage schemes

This section provides further information for the Benchmark disclosures in the previous section.

### Disclosure Principle 1: Liquidity

ASIC Regulations	Disclosure
<p>RG 45.72</p> <p>For pooled mortgage schemes, the responsible entity should disclose information about:</p> <p>(a) the current and future prospects of liquidity of the scheme;</p>	<p>Liquidity refers to the proportion of cash or cash equivalents within the Fund. Typically these cash assets are used to meet the Fund's short-term commitments. Cash and cash equivalents are defined as (i) cash on hand (ii) demand deposits and (iii) cash equivalents (ie short-term, highly liquid investments which are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value).</p> <p>OnePath Funds Management maintains and updates cash flow estimates for the Fund for at least the next 12 months, on a monthly basis. These estimates are used to help ensure the Fund has enough liquid assets to meet its projected cash needs for at least the next 12 months. Withdrawals from the Fund are currently suspended and available funds will be returned to investors in the form of a capital repayment each quarter.</p> <p>OnePath Funds Management has reviewed the forecasts and the assumptions on which the cash flow is based and is satisfied that the Fund has the capacity to meet its expenses, liabilities and other cash flow needs for the next 12 months.</p>
<p>(b) any significant risk factors that may affect the liquidity of the scheme; and</p>	<p>In updating the forecasts, management pays particular attention to known loan repayments due to property sales and refinances, scheduled loan maturity dates, any impairment amounts, monthly distribution to unit holders, quarterly capital distribution amounts, minimum cash holding requirements and all other material events.</p> <p>OnePath Funds Management stress tests the underlying liquidity assumptions of the forecasts, each three months and uses the stress testing results in its ongoing management of fund liquidity.</p> <p>There are numerous factors that may impact on the liquidity of the Fund, including:</p> <ul style="list-style-type: none"> <li>• monthly interest payments by borrowers</li> <li>• loans repaid by borrowers</li> <li>• return of capital from the Fund</li> <li>• any undrawn loans and</li> <li>• market conditions.</li> </ul>
<p>(c) the policy of the scheme on balancing the maturity of its assets with the maturity of its liabilities.</p>	<p>OnePath Funds Management regularly monitors the maturity of assets and liabilities of the Fund. We have currently suspended withdrawals from (and applications into) all Mortgage and Income Plus funds until further notice. This action has been taken to protect the interests of all investors in the Fund and to ensure asset values are maintained.</p>

## Disclosure Principle 2: Scheme Borrowing

The fund does not borrow funds or use credit facilities for any purpose.

## Disclosure Principle 3: Portfolio diversification

The policies governing the lending of the Fund's assets specify limits, including with respect to geographic region, property type, loan type and borrowers thus ensuring a conservative approach to lending. During the Fund's suspension, the overarching objective of OnePath Funds Management has been to realise sufficient loan assets to provide liquidity to meet interest distributions and return of capital payments to unit holders. Accordingly the focused approach to loan realisation has meant observance of some loan portfolio limits has not always been possible. This section provides information on the portfolio's diversification using data as at 10 December 2012 (unless otherwise specified).

ASIC Regulations	Disclosure																																
RG 45.80	<b>Loans by class of activity – (property type)</b>																																
For pooled mortgage schemes, the responsible entity should disclose the nature of the scheme's investment portfolio, including:																																	
a) by number and value:																																	
(i) loans by class of activity (e.g. development or construction projects, industrial, commercial, retail, residential, specialised property, reverse mortgages);																																	
	<table border="1"> <thead> <tr> <th>Property type</th> <th>Number</th> <th>\$'000</th> <th>% of loan portfolio</th> </tr> </thead> <tbody> <tr> <td><b>Commercial office</b></td> <td>12</td> <td>149,178</td> <td>58.48</td> </tr> <tr> <td><b>Residential</b></td> <td>0</td> <td>0</td> <td>0.00</td> </tr> <tr> <td><b>Retail</b></td> <td>6</td> <td>20,906</td> <td>8.19</td> </tr> <tr> <td><b>Industrial</b></td> <td>10</td> <td>67,577</td> <td>26.49</td> </tr> <tr> <td><b>Vacant land<sup>^</sup></b></td> <td>3</td> <td>16,231</td> <td>6.36</td> </tr> <tr> <td><b>Other<sup>^</sup></b></td> <td>1</td> <td>1,215</td> <td>0.48</td> </tr> <tr> <td><b>Total</b></td> <td><b>32</b></td> <td><b>255,107</b></td> <td><b>100</b></td> </tr> </tbody> </table>	Property type	Number	\$'000	% of loan portfolio	<b>Commercial office</b>	12	149,178	58.48	<b>Residential</b>	0	0	0.00	<b>Retail</b>	6	20,906	8.19	<b>Industrial</b>	10	67,577	26.49	<b>Vacant land<sup>^</sup></b>	3	16,231	6.36	<b>Other<sup>^</sup></b>	1	1,215	0.48	<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>
Property type	Number	\$'000	% of loan portfolio																														
<b>Commercial office</b>	12	149,178	58.48																														
<b>Residential</b>	0	0	0.00																														
<b>Retail</b>	6	20,906	8.19																														
<b>Industrial</b>	10	67,577	26.49																														
<b>Vacant land<sup>^</sup></b>	3	16,231	6.36																														
<b>Other<sup>^</sup></b>	1	1,215	0.48																														
<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>																														

<sup>^</sup> Because of OnePath Funds Management's focused approach to loan realisation, mortgages within these categories are outside Key Risk Indicators (KRIs).

A full review of mortgage portfolio KRIs is undertaken annually in May.

(ii) loans by geographic region;

#### Loans by geographic region

Location	Number	\$'000	% of loan portfolio
NSW	11	61,397	24.07
VIC	19	179,120	70.21
QLD	1	12,050	4.72
WA	1	2,540	1.00
<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>

Current exposures within each of the above property types are within approved KRIs.

(iii) the proportion of loans that are in default or arrears for more than 30 days;

Note: A responsible entity should disclose, by number and value, the proportion of loans that are in both default and arrears if these terms have different meanings in the scheme's lending policy.

#### Proportion of loans in default or arrears

Borrowers* that are in material default/impairment	Number	\$'000
Default/Impaired Borrowers^	8	74,164
<b>Total</b>	<b>8</b>	<b>74,164</b>

\*A borrower may have one or more loans but has no more than 3 loans.

^Default/Impaired loans represent 25% of total loans (by number) and 29% of total loans (by value).

Under the Problem Loan Guidelines an Impaired Loan is defined as either a:

- loan where payment arrears are over 30 days
- loan where review has uncovered covenant breaches of a material nature
- loan where a review has uncovered an unacceptable deterioration in the security position
- loan which is in material default (a breach of the loan contract that is substantial and may give rise to legal recovery action by the lender).

An Impaired Loans report is prepared by OnePath Funds Management for each loan that is determined to be impaired.

Where the Impaired Loans report reveals a strong likelihood of loss of loan principal (based on comparison of loan balance (i) to an up to date valuation report by a panel valuer or (ii) sale of property at an amount insufficient to repay loan), the need to raise a specific provision for loss is assessed. Where provisions are made, income is set aside. In the event that a large loss is incurred then the unit price may be reduced to reflect the drop in asset value.

(iv) the nature of the security for loans made by the scheme (e.g. first or second ranking);

#### Loans by security type

All loans are secured by a Registered First Mortgage over investment and owner occupied industrial, retail, commercial office, vacant land and residential property.

(v) loans that have been approved but have funds that have yet to be advanced and the funding arrangements in place for any of these undrawn loan commitments;

#### Loans with undrawn loan commitments – the amount that can be drawn down under approved limits.

The amount required to fund these commitments is able to be settled from cash assets of the Fund.

Undrawn loan commitments	Number	\$'000	% of loan portfolio
Approved limits	0	0	0
Undrawn portion of approved limits	0	0	0

(vi) the maturity profile of all loans in increments of not more than 12 months;

#### Loans by maturity profile

Maturity in months	Number	\$'000	% of loan portfolio
Matured	6	36,321	14.24
0 – 3 months	9	112,352	44.04
3 – 6 months	3	21,777	8.54
6 – 12 months	7	30,980	12.14
1 – 2 years	1	1,625	0.64
2 – 3 years	6	52,052	20.40
3 – 4 years	0	0	0
4 – 5 years	0	0	0
<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>

(vii) loan-to-valuation ratios for loans, in percentage ranges;

#### Loans by loan to security valuation ratio

Loan to value ratio	Number	\$'000	% of loan portfolio
0.00% – 50.00%	6	28,383	11.13
50.01% – 60.00%	11	136,466	53.49
60.01% – 66.00%	6	15,405	6.04
66.01 – 70.00%	3	9,977	3.91
70.01% – 75.00%	1	9,443	3.70
75.01%+ ^	5	55,433	21.73
<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>

^Because of a fall in security values for some impaired loans, mortgages within this category are outside Key Risk Indicators (KRIs).

(viii) interest rates on loans, in percentage ranges; and

#### Loans by interest rates

Interest rate mix	Number	\$'000	% of loan portfolio
0.00% – 5.99%	21	189,004	74.08
6.00% – 6.49%	2	22,125	8.67
6.50% – 6.99%	1	90	0.04
7.00% – 7.49%	0	0	0
7.50% – 7.99%	2	12,443	4.88
8.00% – 8.49%	1	6,375	2.50
8.50% – 8.99%	0	0	0
9.00% – 9.49%	2	17,874	7.01
9.50% +	3	7,196	2.82
<b>Total</b>	<b>32</b>	<b>255,107</b>	<b>100</b>

(ix) loans where interest has been capitalised; Nil

(b) the proportion of the total loan money that has been lent to the largest borrower and the 10 largest borrowers;

**Loans by borrower concentration – largest borrower and largest group exposure as a percentage of mortgages under management**

Borrower concentration ^	% of loan portfolio
Largest borrower	36.89
Ten largest borrowers	86.67
Largest group exposure	36.89

^ Because of OnePath Funds Management's focused approach to loan realisation, mortgages within these categories are outside Key Risk Indicators (KRIs).

(c) the percentage of loans (by value) that are secured by second-ranking mortgages;

Nil

(d) the use of derivatives (if any);

The Fund has entered into one interest rate swap (derivative) to swap a fixed rate loan to a variable rate loan.

(e) a clear description of the non-mortgage assets of the scheme, including the value of such assets; and

Non-mortgage assets of the Fund including the value of such assets are detail in the table below. The fund has no investments, at this time, in Fixed Interest Securities. Cash levels are monitored by OnePath Funds Management on a daily basis and cash in excess of day to day requirements is transferred to an ANZ "on call" cash management account that attracts a market interest rate.

Non-Mortgage Assets	Value (\$'000s)	% of Fund
Fixed Interest Securities	0	0
Cash or Cash Equivalents	59,613	18.94
<b>Total</b>	<b>59,613</b>	<b>18.94</b>

<p>(f) the scheme's diversification policy and how the assets correlate with that policy.</p>	<p>The Fund's policy has been to diversify the portfolio of loans across geographic region, property type, loan type and placing restrictions on loan amounts made to each borrower. The policies governing the lending of the Fund's assets, reviewed at least annually by OnePath Funds Management, specify limits for each of these elements.</p> <p>During Fund suspension, the overarching objective of OnePath Funds Management has been to realise sufficient loan assets to provide liquidity to meet interest distributions and capital repayments to unit holders. Accordingly the focused approach to loan realisation has meant strict observance of loan portfolio limits has not always been met. Currently the majority of these limits are not breached. Please refer to RG 45.80 (a)i, (a)vii and (b) for information where limits have been breached.</p>
<p>RG 45.81 The responsible entity should disclose its policy on the above matters and on how the scheme will lend funds generally. For example, such disclosure should cover: (a) the maximum loan amount for any one borrower;</p>	<p>OnePath Funds Management limits the loan amount for any one borrower or borrower group to 5% of funds under management (total mortgage loans plus non-loan assets such as cash and fixed interest investments). For borrowers and borrower groups who exhibit superior financial strength and where the security is multiple properties exhibiting strong lettability and saleability profiles, the loan limit is 6.5% of funds under management.</p> <p>OnePath Fund's Management's current focused approach to loan realisation means strict observance of maximum loan limits has not always been met. Please refer to RG 45.80 (b) for the loans by borrower concentration.</p>
<p>(b) the method of assessing borrowers' capacity to service loans;</p>	<p>Borrower's capacity to service loans is assessed from two perspectives namely (i) income from the property is considered in determining 'property only' interest cover and (ii) all sources of income of the borrower(s) and guarantor(s) are considered in determining 'all sources /all commitments' interest cover.</p> <p>Loan interest cover is required to be available from a combination of sustainable sources that is property income generated by the security property as evidenced by lease contracts and / or consistent demonstrable historical servicing ability from business or other operations over the most recent two year period, as evidenced by tax returns or other financial statements.</p> <p>For loans secured by investment property, interest cover must be a minimum 1.5 times from property only income and a minimum 1.5 times interest cover from 'all sources/ all commitments'. Lower 'all sources/all commitments' interest cover of a minimum 1.25 times may be acceptable with lower LVR (below 65%).</p> <p>For loans secured by owner occupied property a minimum 1.75 times interest cover from 'all sources/ all commitments' is required.</p>
<p>(c) the responsible entity's policy on revaluing security properties when a loan is rolled over or renewed; and</p>	<p>This is not applicable: There are currently no rollovers or loan renewals.</p>
<p>(d) the responsible entity's approach to taking security on lending by the scheme (e.g. the types of security it takes and in what circumstances, and whether the security must be income producing).</p>	<p>The Fund's lending activities are focused on taking security over non-specialised, investment and owner occupied commercial property (ie industrial, office &amp; retail) that is found to be, by OnePath Funds Management's own analysis and the opinion of appointed professionals, readily marketable and letttable.</p> <p>Loans secured by specialised properties are avoided unless substantial mitigating factors exist.</p> <p>Where National Consumer Credit Protection compliance is not an issue OnePath Funds Management may advance funds secured by residential property.</p> <p>OnePath Funds Management has from time to time taken security over vacant land. Generally this has occurred where it was the clear intention of the borrower to later apply for construction finance from OnePath Funds Management once the borrower had obtained development approval and builder tendering was complete.</p>

The Fund's preference is for income producing properties. Where non-income producing properties are offered as security, the borrower must show consistent demonstrable historical servicing ability from business or other operations over the most recent two year period, as evidenced by tax returns or other financial statements, to meet the Fund's loan servicing requirements.

RG 45.82 If an unlisted pooled mortgage scheme invests in, or may invest in, other unlisted mortgage schemes (whether registered or unregistered), the responsible entity must disclose its policy on investing in those schemes, including the extent to which the responsible entity requires those schemes to meet the benchmarks and apply the disclosure principles in Sections C and D.

The Fund does not invest in other unlisted mortgage schemes.

#### Disclosure Principle 4: Related party transactions

The Fund does not borrow from any related parties.

A portion of the Fund's non-loan assets are invested in bank accounts with the Australia and New Zealand Banking Group Limited (ANZ). These investments are made on normal commercial terms into ANZ's banking products. The responsible entity of the Fund, OnePath Funds Management, is a wholly owned subsidiary of ANZ.

#### Disclosure Principle 5: Valuation policy

ASIC Regulations	Disclosure
<p>RG 45.91</p> <p>The responsible entity should disclose:</p> <p>(a) where investors may access the scheme's valuation policy</p>	<p>The Fund's valuation policy is detailed herein.</p> <p>Valuations for the Fund are conducted by independent valuers selected from a panel of registered valuers (qualified/registered/licenced in the particular state or territory of operation) and must comply with industry standards and codes.</p> <p>All valuations must be conducted pursuant to OnePath's Valuation Policy, including Valuation Report Content Requirements under OnePath's instructions and must be counter-signed by a director of the valuation firm if the valuer is not a director. Please refer to <b>Attachment A</b> for the Valuation Guidelines. There can be no more than two consecutive valuations conducted by the same valuation firm or the individual valuer on the same security property. (For some impaired loans, the Fund's consecutive valuation policy may not have been met because of the need for a timely and a consistent approach to valuations, prior to a mortgagee sale).</p> <p>One valuer cannot conduct more than 1/3 of valuations for the Fund by dollar value.</p> <p>Valuations on properties (excluding development properties) are based on their current state ('as is'). For development properties, valuations are based on 'as is' and 'on completion' basis. Vacant possession value is adopted where security property is substantially owner-occupied.</p> <p>If valuation differs from purchase price (where the property purchase occurred within 12 months), then the loan amount calculation is based on the lower of valuation amount or purchase price.</p> <p>Where a security property has risen in value and the borrower requests an increased loan amount against the increase in value, the panel valuer should advise in writing why the property has increased in value.</p>

<p>(b) the processes that the directors employ to form a view on the value of the security property;</p>	<p>When valuations are received by OnePath Funds Management, they are reviewed by two staff members (ie a two tiered review process) who must check for compliance with OnePath Funds Management's Valuation Policy. Any issues of non-compliance must be addressed with the valuer. When the valuation report is complete both staff members will sign the Valuation Review Checklist as an acknowledgement of the valuation's suitability for OnePath Funds Management and directors to form a view on the value of a security property. Please refer to <b>Attachment B</b> for the Valuation Checklist.</p> <p>OnePath Funds Management's Valuation Policy, Valuation Report Content Requirements and Valuation Review Checklists are designed to confirm that the security property has been designed (&amp; maintained) to appropriate standards for its target market, is well located, is able to attract tenants at market prices on typical lease terms and is capable of being sold at market prices at any point in the property cycle.</p>
<p>(c) the frequency of valuations of security property; and</p>	<p>Valuations are obtained prior to initial loan approval and at loan rollover and may be no more than 90 days old on the date of settlement.</p> <p>OnePath Funds Management reserves the right to re-value the security property at any time and at the borrower's expense on the 3 year anniversary of the loan. In certain exceptional circumstances this requirement may be waived.</p>
<p>(d) any material inconsistencies between any current valuation over security property and the scheme's valuation policy.</p>	<p>There is no material inconsistency between any current valuation over a security property and the Fund's valuation policy, other than already mentioned herein.</p>

## Disclosure Principle 6: Lending principles

ASIC Regulations	Disclosure
<p>RG 45.94</p> <p>If the scheme directly holds mortgage assets, the responsible entity should disclose:</p> <p>(a) the maximum and weighted average loan-to-valuation ratios for the scheme as at the date of reporting; and</p>	<p>As at 10 December 2012 the maximum LVR within the OnePath loan portfolio is 643.05% (this reduces to 64.45% after loan write downs are taken into account for this loan).</p> <p>The weighted average LVR of the loan portfolio as at 10 December 2012 is 92.22% (this reduces to 55.32% after loan write downs are taken into account).</p> <p>The high maximum and weighted average LVRs are attributable to the fall in the value of the security property for many impaired loans.</p>
<p>(b) where funds are lent for property development:</p> <p>(i) the criteria against which the funds are drawn down;</p> <p>(ii) the percentage (by value) of the completion of any property that is under development as at the date of reporting; and</p> <p>(iii) the loan-to-cost ratio of each property development loan as at the date of reporting.</p>	<p>Not applicable as there are no property development/construction related loans.</p>

RG 45.95 The responsible entity should also disclose the percentage of the scheme's assets that are property development loans. If property development loans exceed 20% of the scheme's assets, the responsible entity should identify the scheme as one that invests a significant component of funds in property development loans. If the loan-to-cost ratio of any property development loan exceeds 75%, this should also be highlighted.

Not applicable as there are no property development/construction related loans.

## Disclosure Principle 7: Distribution practices

ASIC Regulations	Disclosure
<p>RG 45.99</p> <p>If a responsible entity is making, or forecasting, distributions to members, it should disclose:</p> <p>(a) the source of the current and forecast distributions (e.g. from income earned in the relevant distribution period, operating cash flow, financing facility, capital, application money);</p>	<p>Monthly distributions from the Fund are based solely on the level of income earned in the month. This income is derived from the monthly interest paid on the Fund's loans, as well as interest and movements in capital value of the Fund's cash and fixed interest assets. It is intended that all future distributions will be solely from earnings of the Fund.</p> <p>Distributions from the Mortgage and Income Plus Funds are made from income they receive from the Fund. For OnePath Income Plus and OnePath Original Income Plus, monthly distributions also take into account an estimate of income earned by share and property assets, as well as any capital gains within those funds. The suspension of the Fund and Mortgage and Income Plus Funds does not affect regular income distribution payments.</p>
<p>(b) if the distribution is not solely sourced from income received in the relevant distribution period, the reasons for making those distributions and the risks associated with such distributions;</p>	<p>Not Applicable as distribution is sourced solely from income.</p>
<p>(c) if the distribution is sourced other than from income, whether this is sustainable over the next 12 months; and</p>	<p>Not Applicable as distribution is sourced solely from income.</p>
<p>(d) when the responsible entity will pay distributions and the frequency of payment of distributions.</p>	<p>Monthly distributions are paid by the Fund typically within the first 10 days of the month.</p>

## Disclosure Principle 8: Withdrawal arrangements

ASIC Regulations	Disclosure
------------------	------------

RG 45.104

The responsible entity should disclose:

(a) the scheme's withdrawal policy and any rights that the responsible entity has to change the policy;

Investment fund	Constitutional name	When the fund is liquid, period when a redemption request must be paid
OnePath Mortgages	ANZ OA OnePath Mortgage Trust	Within 30 days.
ANZ Mortgage Fund (Series 1 and 2)	ANZ Mortgage Fund	Within 90 days.
OnePath Income Plus	ANZ OA OnePath Income Plus Trust	Within 30 days. We have the power to extend that time by an additional 28 days under certain circumstances.
OnePath Original Income Plus	ANZ OA OnePath Income Plus Trust	Within 30 days. We have the power to extend that time by an additional 28 days under certain circumstances.

The constitution sets out an investor's ability and OnePath Funds Management's obligations in relation to withdrawing from the Mortgage and Income Plus Funds. When the Mortgage and Income Plus Funds are liquid, OnePath Funds Management is required to pay a withdrawal request within the time prescribed by the constitution. That time period is different for each fund and OnePath Funds Management may have the power, in certain circumstances, to extend that timeframe to a further period as authorised by the relevant constitution.

(b) the ability of investors to withdraw from the scheme when it is liquid;

The Fund and Mortgage and Income Plus Funds are suspended and withdrawal offers are not being made. Please refer to the beginning of this guide for further information on our 'Return of Capital' process.

(c) the ability of investors to withdraw from the scheme when it is non-liquid;

The Fund and each of the Mortgage and Income Plus Funds are suspended and withdrawal offers are not being made. Please refer to the beginning of this guide for further information on our 'Return of Capital' process.

<p>(d) any significant risk factors or limitations that may affect the ability of investors to withdraw from the scheme;</p>	<p>The Fund and each of the Mortgage and Income Plus Funds are suspended and withdrawal offers are not being made. Please refer to the beginning of this guide for further information on our 'Return of Capital' process.</p>
<p>(e) how investors can exercise their withdrawal rights, including any conditions on exercising these rights;</p>	<p>Currently the Fund and each of the Mortgage and Income Plus Funds are suspended and withdrawal offers are not being made. There are however exceptions to this under the grounds of hardship. ASIC has granted us an exemption from the laws which govern mortgage funds to allow early withdrawals to be made from the suspended funds on hardship grounds. This means that we are able to allow people who are suffering financial hardship to withdraw an amount from their investment account if they meet the grounds specified by ASIC, that is permanent incapacity, certain specified compassionate grounds or severe financial hardship. For further information contact Customer Services on 13 38 63.</p>
<p>(f) the approach to rollovers and renewals, including whether the 'default' is that investments in the scheme are automatically rolled over or renewed;</p>	<p>Investments in the Fund do not have fixed terms or maturity dates, and therefore, rollovers do not apply.</p>
<p>(g) if the withdrawals from the scheme are to be funded from an external liquidity facility, the material terms of this facility, including any rights the provider has to suspend or cancel the facility;</p>	<p>Not applicable as withdrawals are not currently available. When the Fund was liquid, withdrawals were not funded from an external liquidity facility.</p>
<p>(h) the maximum withdrawal period that applies to the payment of withdrawal requests when the scheme is liquid;</p>	<p>Please refer to the table in section 45.104(a)</p>
<p>(i) any rights the responsible entity has to refuse or suspend withdrawal requests; and</p>	<p>Currently the Fund and Mortgage and Income Plus Funds are suspended and withdrawal offers are not being made. Please refer to the beginning of this guide for further information on our 'Return of Capital' process.</p>
<p>(j) the policy of the scheme on balancing the maturity of its assets with the maturity of its liabilities and the ability of its members to withdraw (e.g. if a scheme has a policy of ensuring that sufficient assets are held in readily realisable investments to meet future withdrawal requests, the responsible entity should state this in its PDS, provide details of the source of the realisable investment and report against this in its ongoing disclosure).</p>	<p>Not Applicable – The Fund is suspended and withdrawal offers are not being made. There are no new loans being sought or rollovers of existing loans.</p>

RG 45.105

If the responsible entity makes representations to investors that they can withdraw from the scheme, there should be disclosure on:

- a) the grounds ( which must be verifiable) for the statement;
- b) the supporting assumptions (which must not be hypothetical only)
- c) the basis for the statement (which must not be based only an opinion of the directors of the responsible entity if there are no objective grounds to support that opinion); and
- d) any significant risk factors that mean that withdrawal requests might not be satisfied within the expected period.

Not Applicable – The Fund is suspended and withdrawal offers are not being made. The return of capital process outlined at the start of the document is presently in place to return available liquidity.

RG 45.106

If the PDS contains a statement to the effect that, historically, withdrawal requests have been satisfied within a particular period, this may suggest a link between historical withdrawal periods and withdrawal periods that are likely to apply in the future. The responsible entity should ensure the statement clarifies that investors should not conclude that there is such a link between the historical availability of withdrawals and their future availability.

The Fund is suspended and withdrawal offers are not being made. The return of capital process outlined at the start of the document is presently in place to return available liquidity. However in the event that an investment fund is liquid, withdrawal requests are generally paid within seven working days, although the constitution for each investment fund may allow for a longer period of time.

RG 45.107

If the scheme promotes a fixed redemption unit price for investments (e.g. \$1 per unit), the responsible entity must clearly disclose details of the circumstances in which a lower amount may be payable, details of how that amount will be determined and the impact of a default under the scheme's mortgage assets on investors (e.g. on investor distributions and the unit price).

The mortgage funds do not promote a fixed unit price; however, the unit price for applications and withdrawals in these funds has traditionally been \$1.00. The unit price of these funds will no longer remain at \$1.00 due to the implementation of the 'return of capital process'.

We have made provisions over the course of the 2011/2012 financial year to protect against impaired loans. However during June 2012, after performing a comprehensive analysis of all impaired loans (always a requirement prior to 30 June) we had to write down the value of a small number of loans. The reduction in the asset value of the underlying portfolio and the fact that income had already been paid out over the course of the year meant that the unit price of the Mortgage and Income Plus funds which invest into the mortgage portfolio is decreased effective July 2012.

RG 45.108

Not Applicable – The Fund is suspended and withdrawal offers are not being made

A responsible entity of a contributory mortgage scheme should, for a particular investor, disclose the above information to the investor as it relates to the investors ability to withdraw.
