Further important information for the end of the financial year

A reminder about contributions caps

It is important that you are aware of the contribution limits and ensure that they don't exceed the caps. We recommend you speak to your financial planner for details.

Note: Employer payments to cover member insurance premiums or fees will count towards the concessional contributions cap.

Unit prices at the end of financial year*

At the end of each financial year we await unit prices from the underlying fund managers, along with the relevant tax and distribution information, before we can calculate our unit prices. The timing of when each fund manager releases prices will vary, but we expect to have all unit prices finalised by approximately **Friday 20 July 2018**.

During this period we will continue to process transactions as normal. Once the unit prices are released, confirmations will be issued.

Pension annual income payment reviews will be processed once the **1 July 2018** unit prices are available. Any clients who have nominated a pension payment as a percentage of their account balance in July 2018 will have their remaining pension payments for the rest of the year adjusted when their annual review is completed. It is anticipated that all annual reviews will be completed by the end of July 2018.

For example:

| A minimum 5% monthly payment based on account balance using unit prices available on 29 June: | A 5% minimum monthly payment based on account balance using 1 July prices: |
|---|--|
| Account balance = \$240,000. 5% minimum is \$12,000 per annum, i.e. \$1,000 per month | Account balance = \$242,200. 5% minimum has increased to \$12,110 per annum. |
| July payment will be \$1,000 | The remaining payments will be (\$12,110 - \$1,000) ÷ 11 i.e. \$1,010 per month. |
